1Y Students
• ATR 358 – Examination, Assessment and Diagnosis II (3) • Electives
• ATR 410 – Clinical Skills III (1) (F) • Plan for the Future
• ATR 457 – Ther Intervention: Ther Modalities (3) (F) • Start Thinking a TAD about ATR 453
• PH 101 – General Physics I (4) (F) • Begin Investigating GRE & Other Admissions Exams
• Complete Core Curriculum Courses

** STUDENTS MUST MAINTAIN A 2.5 CUMULATIVE GPA**

SPECIFIC CONSIDERATIONS
1. See the Summer & Fall 2018 Schedule of Classes on myBama. You must be organized and have an outline of the courses that you want to take prior to your scheduled advising appointment. Once you decide on selected classes, pick two additional classes you could take, in case your selection is not available.

2. Courses in Nutrition, Physics and Chemistry are recommended.

3. Schedule all academic classes early in the morning. The majority of your clinical education experience will occur in the afternoon. Avoid scheduling classes during the 9:00-10:10, 10:10-11:12 slots on WF. Clinical Skills Lab is open from 9-12 WF. It is very important that your schedule allow you to attend CSkills lab! Speak with your Fall 2018 Preceptor(s) about their projected schedule(s) so that your schedule will be as conflict-free as possible.

4. Review and complete all core curriculum requirements. (2017-2018 Undergraduate Catalog – https://catalog.ua.edu/undergraduate/about/academic-regulations/curriculum/core-curriculum-general-education-requirements/)

5. Specific athletic training classes offered in Interim & Summer 2018
   • ATR 453 – Applied Clinical & Research Skills (3) SUMMER I (2Ys)

6. Specific athletic training classes offered in Fall 2018
   • ATR 358 – Exam & Diagnosis II (3) lecture TR 11:00a-12:15p & lab M 10:00-11:50a
   • ATR 410 – Clinical Skills III (1) WF 9:00-10:00a, 10:00-11:00a OR 11:00a-12:00p
   • ATR 430 – Clinical Skills V (1) lecture R 8:00-9:15a
   • ATR 454 – Healthcare Administration (3) lecture T 8:00-10:50a
   • ATR 455 – Pharmacology & Pathology (3) lecture W 6:00-9:00p
   • ATR 457 – Ther Intervention: Ther Modalities (3) lecture TR 9:30-10:45a & lab W 8:00-9:50a

7. Follow the emailed link for SignUp Genius to schedule an advising appointment with Dr. Leaver-Dunn.
# Athletic Training Program Professional Course Sequencing

## First Semester – Fall – First Year Student
- **ATR 300** Foundations of Athletic Training
- **NHM 315** Nutrition for Performance
- **ATR 310** Clinical Skills I
- **BSC 215** Human Biology I

## Second Semester – Spring – First Year Student
- **ATR 320** Clinical Skills II
- **BSC 216** Human Biology II
- **ATR 357** Exam & Diagnosis I
- **MA 113** Precalculus Trigonometry
- **ATR 305** Clinical Biomechanics

## Third Semester – Fall – Second Year Student
- **ATR 358** Exam & Diagnosis II
- **PH 101** General Physics
- **ATR 410** Clinical Skills III
- **CORE COURSE REQUIREMENTS**
- **ATR 457** Ther Intervention: Ther Modalities

## Fourth Semester – Spring – Second Year Student
- **ATR 360** Exam & Diagnosis III
- **KIN 492** Physiology of Exercise
- **ATR 420** Clinical Skills IV
- **ELECTIVES**
- **ATR 456** Ther Intervention: Rehab & Recon

## Summer After Second Year
- **ATR 453** Applied Clinical & Research Skills

## Fifth Semester – Fall – Third Year Student
- **ATR 454** Healthcare Admin
- **ATR 455** Pharmacology & Pathology
- **ATR 430** Clinical Skills V

## Sixth Semester – Spring – Third Year Student
- **ATR 440** Clinical Skills VI
- **INTERNERSHIP/FELLOWSHIP**
- **ATR 458** Seminar
- **OPPORTUNITIES**
- **ELECTIVES**
- **BOC CERTIFICATION EXAMINATION**
